I have always been fully aware of his sincere devotion to his work with the Wisconsin Legislature and for this reason your kind and thoughtful expression of sympathy is very much appreciated.

MRS. MAMIE SACHSE.

## **JOINT SURVEY COMMITTEE ON TAX EXEMPTIONS**

### **Assembly Bill 1046**

#### **Public Policy Involved**

This bill is undesirable as public policy because it would place one class of individuals in a favored position and discriminate against other retirees.

To joint committee on Finance.

## **JOURNAL OF THE ASSEMBLY [July 14, 1971]**

### **Assembly Bill 1042**

#### **Public Policy Involved**

The State of Wisconsin has continually stressed consistency and uniformity in tax exemptions. This bill would move in the opposite direction. It would afford armed forces personnel special treatment. As written, it would also discriminate against others in similar circumstances—for example, those in the Peace Corps, Red Cross, and diplomatic service. For these reasons, the bill is undesirable as public policy.

To joint committee on Finance.

### **Assembly Bill 967**

#### **Public Policy Involved**

The bill is undesirable as public policy. It would remove from local revenues the 60% credit which the state provides. More importantly, it would shift the burden of taxation from income-producing property to residential property.

To joint committee on Finance.

### **Assembly Bill 851**

#### **Public Policy Involved**

This bill is undesirable as public policy. It fails to alter or simplify the proceedings involving inheritance transfers; rather, it merely exempts a certain class of transfers from taxation. It would make the inheritance tax laws inconsistent with those pertaining to gift taxes. Finally, it exempts a substantial portion of state revenues without proposing either a corresponding decrease in expenditures or an alternative revenue source.

To joint committee on Finance.

### **Assembly Bill 893**

#### **Public Policy Involved**

This bill is undesirable as public policy. It fails to alter or simplify the proceedings involving inheritance transfers;

rather, it merely exempts a certain class of transfers from taxation. It would make the inheritance tax laws inconsistent with those pertaining to gift taxes. Finally, it exempts a substantial portion of state revenues without proposing either a corresponding decrease in expenditures or an alternative revenue source.

To joint committee on Finance.

### **Assembly Bill 582**

#### **Public Policy Involved**

Excepting problems of legality cited above, this bill would be desirable as a matter of public policy. It is recommended that the bill be amended to eliminate these legal impairments.

In a general way, the proposal attempts to give similar treatment to mobile homes and other property used for residential purposes. Mobile homes would be taxed on their value and their owners would participate in the state's general property tax relief program. Both objectives are desirable.

To joint committee on Finance.

### **Assembly Bill 414**

#### **Public Policy Involved**

The tax exemption adjustments contained in this bill are desirable as a matter of public policy for these reasons. First, certain adjustments simplify the taxpayer's task in responding to the law, primarily by paralleling state procedures with federal provisions. Secondly, certain adjustments are made to improve the progressivity of the income tax structure relieving the tax burden on those least able to pay. Finally, certain adjustments are made in the interest of equity in order that in this time of fiscal crises all segments of the state's economy carry their share of the tax burden.

To joint committee on Finance.

HARVEY L. DUEHOLM,  
Chairman.

# JOURNAL OF THE ASSEMBLY [July 14, 1971]

## MOTIONS

Representative Alberts asked unanimous consent to introduce a resolution. Granted.

### Assembly Resolution 28

Relating to calling upon the department of justice criminal investigation division to investigate certain land transactions of the department of natural resources in the state of Wisconsin.

Whereas, certain citizens living in the southern unit of the Kettle Moraine state forest have been concerned for several years with the legitimacy of certain land transactions of the department of natural resources in their area; and

Whereas, it is alleged that in one of these transactions the acquisition agent for the department of natural resources purchased for the department with state funds a parcel of property for \$32,500 from an individual with whom he was associated in business, which individual only 7 months and 20 days earlier had purchased the same property for \$16,500, thereby realizing 100% profit on sale to the state of said property; and

Whereas, it is alleged that an acquisition agent for the department of natural resources purchased property in the southern unit of the Kettle Moraine for \$2,000 for himself, constructed a home on said property and then resold the same property to the department for \$59,300 in state funds, representing a 3,000% increase in value, and now said agent has again purchased land in other parts of the southern unit earmarked for acquisition by the department; and

Whereas, it is alleged that certain alphabet corporations and corporations of short existence have been able to command extremely high prices for their parcels of land from the department of natural resources, for example, one corporation sold 62 acres of land for \$136,500 or \$2,200 per acre; and

Whereas, it is alleged that similar transactions too numerous to mention have taken place in the Kettle Moraine southern unit and elsewhere; and

Whereas, it is alleged that all of said transactions had the approval of the secretary and his agents; and

Whereas, circumstances surrounding these and other

## JOURNAL OF THE ASSEMBLY [July 14, 1971]

transactions contain, at the minimum, strong suspicion of poor public policy and, at the maximum, elements of misconduct in public office; now, therefore, be it

*Resolved by the assembly*, That the department of justice criminal investigation division be instructed to conduct an investigation of land acquisition practices of the department of natural resources for possible conflict of interest, improper public policy and violation of law; and, be it further

*Resolved*, That because of the grave nature of this investigation, the officers and employes of the department of natural resources be instructed to cooperate with the employes and representatives of the department of justice and make available upon request all records of the division of acquisition and of the department in accordance with s. 13.45 (7) of the statutes; and, be it further

*Resolved*, That the department of justice report its findings hereon to the assembly of the state of Wisconsin.
